

MOFESSOR

Automatisches Kettenschmiersystem

**DUCATI Multistrada 1200 Enduro
Baujahr 2018**

Einbauvorschlag von Andrea Celetti

Kundenbeispiel – Keine Garantie für Funktionalität

DUCATI Multistrada 1200

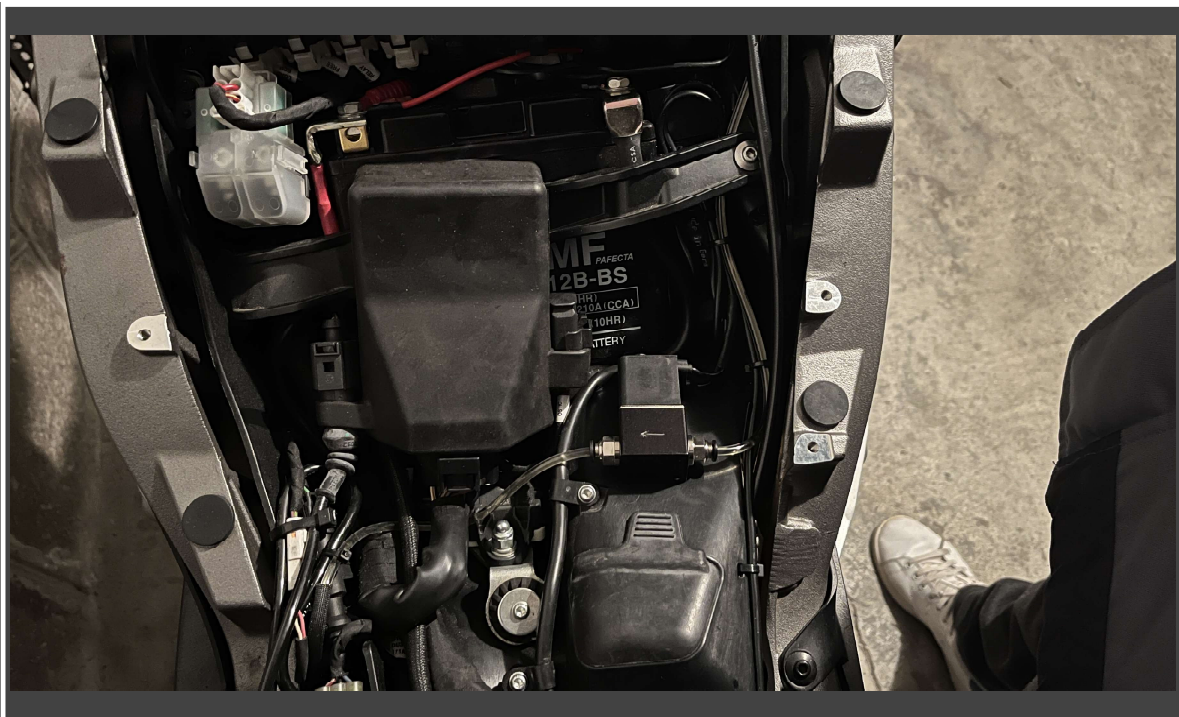

Position Tank Standard (60ml)

Under passenger seat and make hole on plastic seat's support for pipe crossing.

Position Dosierventil

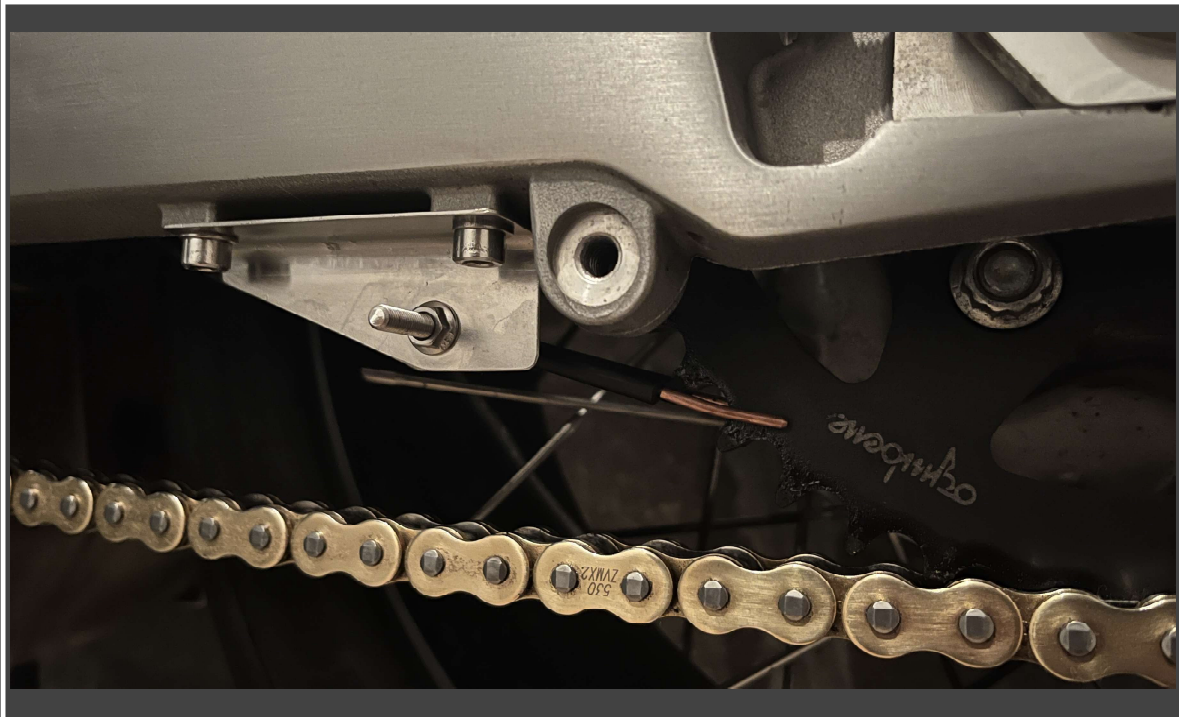

Under driver seat with duple-sided tape.

DUCATI Multistrada 1200

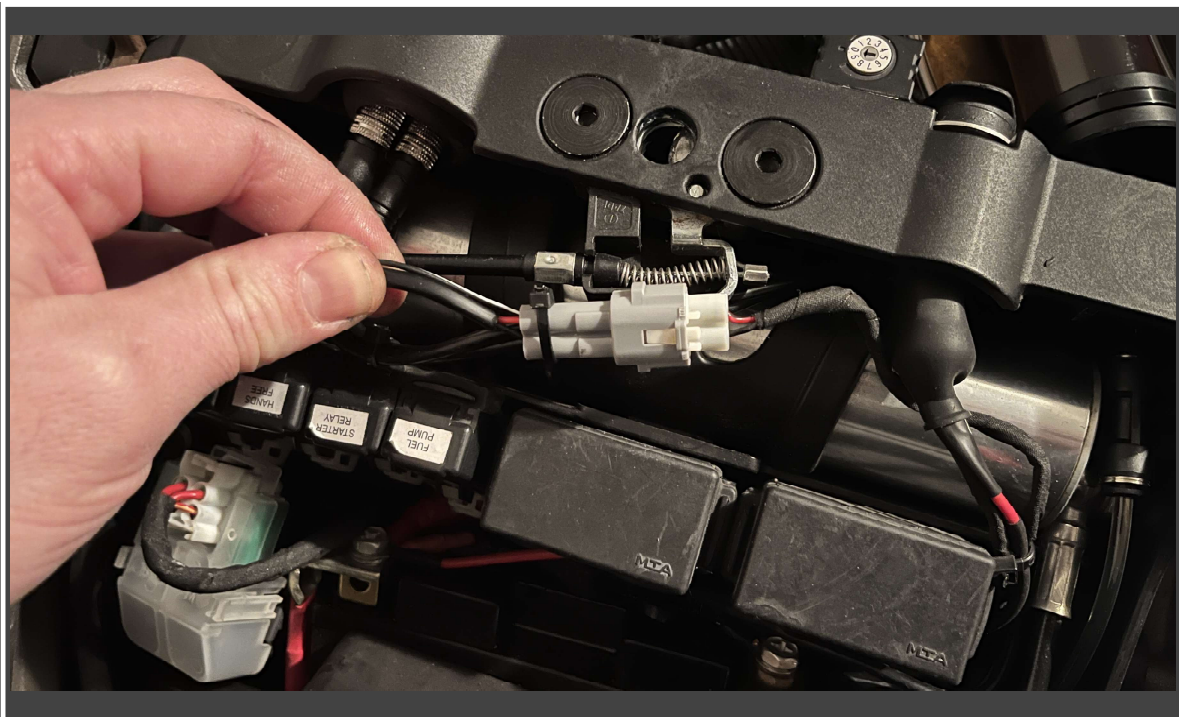

Position Auftragsdüse

Double nozzle installed with handmade inox support (more steady) fixed on holes for original chain protection. Pipes passed next to swingarm and together with shock absorber cable to the opposite side, than up under the driver seat together with head temperature sensor cable.

Geschaltetes Plus

I removed the USB plug because I never used and I connect red and white-black cable together. I wired the Mofessor to power supply for USB (with digital voltmeter I checked the 12V before) through a specific connector (light grey one) purchased separately.

DUCATI Multistrada 1200

Position Regenschalter

Left side screwed behind the hand protection and brake support.

Position Steuereinheit

Under passenger seat with double-sided tape.
